MISSING PLANE SOUGHT

MISSING CESSNA Crane is somewhere in wilderness of muskeg and scrub north-west of Edmonton with five goose hunters. Former RCMP aircraft, it is twin-engine low-wing monoplane, bright yellow in color and carrying identification numbers CF-DRA.

SEARCH IN muskeg is carried out by Squadron Leader Charles Harris (left) and Flight Lt. Tony Morabito at control desk of Northwest Air Command's Search and Rescue headquarters. Master search in detail area swept by RCMP search planes this morning acting under orders of Squadron Leader Harris, directing search operations.

One Hospitalized, 3 Jailed After Student Disturbance

(See picture Page 2)
Student's high spirits at Saturday night's football game at Claude Stadium put three persons in jail and one in hospital.
Police action was taken as Calgary rioters among the 800 students swarmed the field to knock down the Edmonton goalposts. Police sprinted from sidelines and collared two students and a third celebrant.
Charged with wilful damage are students Victor Stephens, Astin-Hold Hall, and Milton Clements, 11415-57 avenue. Charged with obstructing a police officer is Phillip de Filippi, 9602-101 avenue.
They were remanded without election or plea before Magistrate S. C. Main in police court today and will appear next Monday.
An unidentified woman was taken to hospital and a second received medical care after they were struck with pop bottles thrown from the students' section in the stands.
The second woman received medical treatment from the doctor with the Eskimo team.
Students taken to jail were accompanied by Students' Union president Michael O'Byrne, who spoke on their behalf. He was not involved in the incidents and was not charged.
The trio picked up spent an hour in jail before being bailed. They will appear in court today.
Police officers were surrounded by a crowd of approximately 100 angry students as they held the trio after the game, waiting for the patrol wagon.

Late News Flashes

GIRL SLAIN
EVANSTON, Ill., Oct. 16—(AP)—An 18-year-old high school graduate was beaten and strangled to death yesterday on her first date with a young laborer. Police said he related assaulting her because "she looked like a girl about being tempted." The body of Carol Vic was found on a bed in the room of Edward Doppo, 19, a factory worker.

DEAD AT 104
GEORGETOWN, British Columbia, Oct. 16—(CP)—Mrs. Lydia Griffith, 104, a native of Barbados, died in her sleep at her suburban home last night.

PASSENGERS SAFE
BUENOS AIRES, Argentina, Oct. 16—(Reuters)—The Argentine transport ship Ernesto Tornquist, grounded in an Antarctic snowstorm, was reported today to have landed her 250 passengers safely at Cape Constance, South Georgia Island.

SEVEN TERM
MELBOURNE, Oct. 16—(CP)—Lloyd Porter, 25-year-old Daughin, Man, broke down today was sentenced to five years in Prince Albert penitentiary for criminal assault against 17-year-old waitress. Porter showed no emotion as Mr. Justice Stewart McKelcher pronounced sentence in King's Bench court, Saturday, when he was convicted he wept.

FOUR DROWNED
ST. MICHEL, DES SAINTS, Que., Oct. 16—(CP)—Four Drummondville business men drowned at nearby Lake Claire during the weekend while on a hunting expedition. The victims were tentatively identified by police as Gerard Laferte, Jacques Loeblein, Paul Archambault and Philippe Gervais.

DOLLAR ACCEPTED
SEATTLE, Wash., Oct. 16—(CP)—Many stores here are accepting the Canadian dollar at par with the U.S. dollar on purchases made by visiting Canadians.

EARNING POWER
LONDON, Oct. 16—(Reuters)—British automobiles have earned more dollars this year than Scotch whisky and cotton yarn combined. The auto industry's representative to the dollar market, Sir William Webb, told a press conference today that British autos had earned more than \$54,000,000 since January.

SOX PROMOTION
CHICAGO, Oct. 16—(CP)—John Most of Whiting, Ind., was promoted to field supervisor of the Chicago White Sox farm system, today, succeeding George Thompson.

by a crowd of approximately 100 angry students as they held the trio after the game, waiting for the patrol wagon.

Margarine Legislation Ruled Valid

Supreme Court's
Judgment Upheld
By Privy Council

By ALAN HARVEY
LONDON, Oct. 16—(CP)—The Privy Council today sustained judgment by the supreme court of Canada which declared the sale of margarine in Canada is a matter of provincial jurisdiction.

The decision by the judicial committee of the Privy Council came as a long hard-fought battle over whether the manufacture, sale and distribution of margarine should be made legal in Canada.

The decision apparently leaves the margarine question where it was when the Canadian court delivered its opinion in 1948. The effect of the Ottawa decision was to hand jurisdiction over margarine to the provinces, leaving them to enact legislation on the manufacture and sale of the butter substitute within their own boundaries.

Appealed by CFA
The law lords dismissed an appeal from a supreme court judgment brought by the Canadian Federation of Agriculture.

Lord Morton of Henryton, delivering the judgment, said their lordships were of the opinion that the Canadian supreme court judgment of December, 1948, "rightly answered" a reference concerning the constitutional validity of section 5A of Canada's Dairy Industry Act.

The section stipulates that "no (Continued on Page 3)
See "Oleo Legislation"

Argo Backfielder In Walking Cast

TORONTO, Oct. 16—(CP)—Billy Bass, Toronto Argonaut backfielder, was in a walking cast today and finished with football for the season.
The law lords dismissed an appeal from a supreme court judgment brought by the Canadian Federation of Agriculture.

Strange Storm Rocks Buildings

FORT FRANCES, Ont., Oct. 16—(CP)—A violent display of lightning lasted more than an hour in this Northwestern Ontario area yesterday.
Last night a strange vacuum, creating cross winds, rocked auto mobiles and shook buildings in parts of the town. No damage was reported.

GRID SEMI-FINAL IS SUDDEN DEATH

REGINA, Oct. 16—(CP)—Bob Gillies, secretary of the Western Football Union, said today a sudden-death semi-final play-off game will be played Oct. 28 at the home grounds of the team finishing second.
Winnipeg Blue Bombers have clinched first place. Edmonton Eskimos and Saskatchewan Roughriders are battling for runner-up. At present, Eskimos have a two-point lead over Riders, who have a game in hand.
If the two clubs have equal points at the end of the regular schedule, the team with the best record and against record will be considered runner-up.

Markets In Brief

TORONTO, Oct. 16—(CP)—Industrials started lower on the Toronto Stock Exchange today, recovered in mid-session and finished close in the price peaks gained last week.

Prices stayed in a narrow path with many issues awaying back and forth. Activity was brisk and volume was about 3,000,000 shares. Papers, constructions, steel, agriculture, liquors, textiles, banks and refining oils were mixed. Foods were higher while manufacturing companies and utilities were lower.

MONTREAL, Oct. 16—(CP)—Securities gave an irregular display in fairly heavy trading on the Montreal Stock Exchange and Curb market today.

Gains and losses generally balanced one another and many market leaders held unchanged. Volume near the close showed industrials with a turnover of 140,000 shares and mines 43,000 shares.

NEW YORK, Oct. 16—(AP)—A general weakness in the stock market persisted today despite scattered strength.

Losses were from a few cents to around 1/2 a share, and gains a little more than 1/2.

There was little inclination to get ahead, and business contracted materially as prices slipped.

The volume was estimated at 1,500,000 shares, compared with 1,000,000 shares Friday, one of the slowest days in weeks.

Assault Heads Back To Races

KINGSVILLE, Oct. 16—(CP)—Apparently fit and ready, Assault, King Jancho's great triple crown winner of 1946, headed west on the comeback trail today for a shot at the rich Clifolia purses.
In his last race 3 months ago, Assault bled at the mouth and was retired to stud on the vast King Ranch pastures. Dr. J. K. Northway, King Ranch veterinarian, said Assault was loaded on an opium laudanum diet for Clifolia.

1st Clue Reported On Missing Plane

Aircraft With Five Hunters
Thought Seen Over Smith

RCAP air search forces were continuing late this afternoon, a so far fruitless search for a civilian plane lost in timbered muskeg of northern Alberta since Saturday.

The search was swinging to an area almost directly north of Edmonton following reports of an unidentified plane seen and heard in the area late Saturday.

But an RCAP Expediter which "track walked" from here to Smith along Northern Alberta Railway track to check reports returned with negative results.

It was ordered out again to make some low flying sweep on a direct line between Edmonton and Smith of area between rail line and the highway north.

No report had been turned in from a USAF Dakota making a similar sweep of the highway itself.

The Expediter was ordered to proceed from Smith west to Inland Lake, north to MacMillan Lake, south to Lac La Biche, back to NAR line and then to Edmonton—a complete coverage of areas from which reports proceeded.

A B-25 from 418 Auxiliary Squadron here also joined armada of 15 search planes today.

Missing since their yellow twin-engine Cessna Crane war-surplus aircraft left Grande Prairie at 4:14 p.m. Saturday for return to Edmonton are owner-pilot Harry Pennington, Vancouver, and four passengers.

Three of the missing party of goose-hunters are from Edmonton: James W. Mulcahy, 31, 11534-66 street; Joe Dory, 42, 10024-108 street; and Stuart Reid, 30, 12118-85 street.

Fourth passenger was Harry Morton, 40, Vancouver, formerly of Edmonton.

Check on the first apparently reliable clue in the two-day search was carried out by an RCAP Expediter following report from Donald Lane, Smith, Alta., resident that he had sighted a plane over the town at 5:30 p.m. Saturday.

The Expediter, carrying a pilot, co-pilot, and searchers were ordered to track down the Northern Alberta plane.

It took off at 10:06 a.m. to carry sweeps on both sides of the track, covering a strip about 10 miles wide.

SAME AS LOST PLANE
Lane, rescue officers' the yellow plane he had sighted had been identified by an ex-RCAP member as a twin-engine monoplane—the description of the missing aircraft.

Two hours later a USAF Dakota was recalled to Edmonton to set out on a "track walk" of the highway to Smith. The second sweep was ordered after Jim Meyer, of Edmonton, told the RCAP's brother, G. W. Meyer, had heard a plane over Inland Lake, 17 miles north of Smith, at 8:15 p.m. Saturday.

"The P-1" headed south in stormy weather. Now searchers were ordered to sweep the area between Grande Prairie and Inland Lake for the estimated two-hour, 200-mile trip to Inland Lake.

Inland Lake is close to the highway (Continued on Page 3)

IT HAPPENED TODAY

Two Dead, 10 Hurt In Alpine Climb

A mass attempt to climb lofty Popocatepetl volcano in Mexico during the weekend resulted in two deaths, 10 serious and 20 minor injuries, the Red Cross Alpine squad reported today. Some 5,000 mountaineers climbed the mass ascent of the 17,800-foot peak to attend a religious ceremony. A blinding snowstorm hit the peak while the climbers were on the way.

Miscellany

A group of boys found 10 coins, all 2,100 years old, in an earthenware pot while playing in a field in the outskirts of Rome Saturday. Archaeologists said they are "almost" one-tenth of a Roman silver denarius. The coins were engraved by hand with the double head of Janus on one side and a Roman warrior on the other.

El Universal, one of Mexico City's major daily papers, failed to appear Sunday as a result of a strike of its approximately 500 employees. The employees originally asked 40 per cent wage increases. The figure was reduced to 10 per cent during negotiations. The publisher tentatively agreed to this, the union said, but the union objected to other clauses management wanted in the contract.

The World

Prime Minister Attlee of Britain said last night that countries without adequate defence forces are practically leaving a blank for aggression. "We all know from experience—and even in Korea the most recent experience—that an attack by the strong on the weak may take place suddenly and without warning," Attlee said in a countrywide radio address. He urged British to join civil defence groups.

Israel went on mock war footing today as her army began fall maneuvers. All branches of the armed forces

were called up for participation in the today war exercises. Chief purpose of manoeuvres is to test the army's ability to put reserves quickly into action.

Communist China said today it had arrested 20,000 persons since January, 1949, on charges of spying for the United States and Chiang Kai-shek's Nationalist government. The figure was contained in a broadcast report by the New China news agency.

All passenger and freight trains in the Australian state of Victoria stopped running at midnight because of a strike of 2,800 railwaymen. Victoria is the southeastern state in the state of Melbourne is situated. The dispute behind the strike arose over the men's claim for paid "passive time" (the interval between jobs) and overtime pay.

Obituaries

Rev. Samuel Atkins Elliot, 87, former president of the American Unitarian Association for 27 years and son of the late Charles W. Elliot, president of Harvard University, died yesterday in Boston. Dr. Elliot, one of the foremost leaders of the Unitarian movement in the United States, also was minister emeritus of the Arlington Street Church.

John C. Fitzmaurice, 58, vice-president of the Bricklayers, Masons and Plasterers International Union, died yesterday in St. Louis. He was a member of the union whose home was in St. Louis, was in Miami for the union's convention, which opened today.

On his ship's trip before being turned over to her new German owners, Capt. Frank Henderson, 58, of the coastal steamer, died yesterday in Glasgow, Scotland.

OFF TO GOAL went three high-spirited goalpost smashers at Saturday's Varsity Night football game. Trio were held in jail for hour, will appear in court today.

Canada Savings Bond Series On Sale Today

Fifth series of Canada Savings Bonds went on sale in Edmonton today.

The drive is scheduled to end Nov. 4.

While sales through banks and investment dealers started today, sales by company payroll plans have been underway for several days. Eric M. Duggan, payroll organizer for Edmonton, said today.

"Many of the firms did not even wait for opening day, and a majority of the payroll assignments have already been deducted," said Mr. Duggan.

Edmonton organizers hope to realize payroll plan sales far in excess of the 1949 total, which was just under \$150,000.

The payroll plan covers business, professional, service, army and air force.

INCREASE EXPECTED Greater sales are expected across Canada this fall, due to the increase in employment over 1949, and recent levelling of the Canadian dollar.

Canadian payroll plan sales alone totalled \$150,000,000 a year ago.

Interest rates on the bonds are sold in denominations of \$50, \$100, \$200 and \$1,000.

The payroll plan can be cashed at any bank at any time, for face value, plus accrued interest.

Woodward's Take Permit To Build SS Warehouse

C. Woodward Stores (Edmonton Ltd.) today took out a city building permit for first stage in what has been unofficially estimated at a \$250,000 South Side Warehouse project.

The permit covers 10,000 sq. ft. of building and foundation for a 200,000 sq. ft. warehouse at 6025-50 street, 32 Taylor, or 10465-50 street, took out permits for 10 houses worth \$7,500 each, to be built in the 104 block on 144 street, and in the 58 block on 312 street.

Bottlers Here For Convention

Approximately 30 delegates are attending the annual meeting of the Alberta Bottlers of Carbonated Beverages in the Macdonald hotel today.

Ald. William Hawtrey, president of the association, presided at the board, would either confirm or deny the report.

The newspaper said it understands the British government is willing to accept some of the smaller desert varieties which are not easily sold on the domestic market.

The story added: "One authority contended that the final receipts for the British Columbia apples would be approximately the same as those received in the recent order obtained by British Columbia growers. Because of the difference in freight rates between the Annapolis Valley and the Halifax shipping point, and the British Columbia orchards and the Vancouver shipping point, an advantage would be gained by Annapolis orchardists."

N. D. Sutton, president of the board, would either confirm or deny the report.

Oleo Legislation Ruled Valid

(Continued from Page 1) person shall manufacture, import into Canada or offer, sell or have in his possession for sale, any oleomargarine, margarine, butterine or other substitute for butter manufactured wholly or in part from fat other than that of milk or cream."

RULED ULTRA VIRES

The supreme court ruled that this section was ultra vires of the Canadian parliament since it concerned civil rights, which are within the exclusive jurisdiction of the provinces.

The law lords' judgment climaxed six days of legal argument in London which ended last June 23.

Boycott Of Margarine Asked

OTTAWA, Oct. 16.—(CP)—H. H. Plannan, head of the 400,000-member Canadian Federation of Agriculture, today called on farm families to stop buying margarine.

He issued a statement after the Privy Council upheld the Supreme Court of Canada ruling that the manufacture and sale of margarine in Canada was a matter purely for the provinces to decide.

It now is up to all governments in Canada to develop policies which would safeguard the dairy industry, he said. He added:

"There also will be a responsibility on the part of the Canadian people generally, in their own interest, to support whatever policies are deemed best and not easily misled by the margarine business who are making much more money on the manufacture and sale of margarine than are those who are making and selling butter."

"All farm and dairy producers could set an example in assuming this responsibility by purchasing margarine."

World Speculating On Island Meeting

Truman Leaves MacArthur, Speaks To Nation Tuesday

HONOLULU, Oct. 16.—(AP)—President Truman is flying back to the mainland today to report on his meeting with Gen. MacArthur. World capitals still are puzzled over the significance of the rendezvous on Wake Island.

Aides said the President is feeling exceedingly tense and that he will make for San Francisco Tuesday night.

He will preface his talk with a reference to his conference with MacArthur on the barren Far Pacific island as a move to help the Far East find peace. There has been no indication that he will elaborate greatly on the Wake Island statement.

The statement, signed by the president and initiated by the United Nations supreme commander, followed their talk of less than three hours.

Actually, the most important phase of the meeting was the finding MacArthur spent alone in a guesthouse but before they went into conference with military and diplomatic advisers.

The statement gave no hint of any far-reaching new proposals as many had speculated might grow out of the 14,000-mile round-trip flight.

In fact, one top policy adviser of Truman's said the president primarily "wanted to talk to General MacArthur face to face" about Far East problems and added: "After all, he had never seen the general and thought he should."

But some unprecedented and complex situations are involved in the "steps necessary to bring peace and security" to Korea which Truman says he and MacArthur discussed.

For the first time, a segment of the "united command" empire has been removed from Russia's grasp. The procedure followed in North Korea may become a pattern should the fringes of the Russian empire start crumbling elsewhere.

The surrender and occupation problems in Korea are only some of those which Truman presumably laid in MacArthur's lap during the few hours the two men talked on Wake Island.

Apparently the president impressed upon the Far East commander the necessity for plans to shift some of the military power built up for the Korean war to the United States and to the menacing situation in Europe.

Hanley Heads Newman Clubs

HALIFAX, Oct. 16.—(CP)—Alan Hanley of McGill University, Montreal, was elected president of the Canadian Federation of Newman Clubs yesterday at the closing session of the annual convention. The university of British Columbia will be the site of the 1951 convention.

It was decided to hold regional conferences in the east, central and western sections before the next general convention.

First Clue To Missing Plane Reported Here

(Continued from Page 1) way between Edmonton and Smith.

The earlier Smith report said the yellow plane was bucking show squalls as it headed south.

If the missing plane was over Smith it was about 100 miles northeast of the regular air route between Edmonton and Smith.

RCAP air rescue spokesmen said the plane of the missing plane had been briefly reported as left Edmonton to swing north to the highway if he encountered rough weather returning here.

The RCA's Dakota's, Lancasters and Expeditions were suggested by civilians searching today.

FRIENDS HELPING A party of close friends of the men aboard the lost craft headed north by car this morning to carry out a ground search in the Saginaw area south of Smith and northwest of Edmonton.

They were followed by Laurie Weidner, who worked for 14 years at the airport, in Edmonton.

Whitecourt is on the original route of the missing plane.

An avowed "hunch" was being followed up by a party of friends of the missing hiker. They were planning today to take off in a private plane to search in the north of Alberta.

The private plane searches were headed by W. S. "Pop" Miller, owner of the craft. Others were Jack Schecker, Edmonton, George Davidson, Edmonton.

Mayor, the man whose brother reported from Island Lake after it took off.

Regular search was concentrated today along 128 miles of the route the Coasta Canada war-surplus craft was to have followed on the flight from Grande Prairie. Planes were trailing over an area 80 miles wide and starting 40 miles northwest of this city.

CONCENTRATE ON STRIP Search planes are concentrating on a strip 40 miles wide on each side of the normal airline route above by most pilots going to and from the north.

Eight Dakota's and one Lancaster were in the air by 7 a.m. today after briefing on weather and conditions in the search area.

At least six other planes were scheduled to follow the first group.

Weather was reported good with exception of northern sector along south shore of Lesser Slave Lake near settlements of Wagner and Faust where conditions were reported to "deteriorate."

Visibility was reported at 15 miles.

and makes covered territory almost with ink and largely uninhabited.

The Coasta carried a radio with ground radio and gyro compass. Airport radioed that the plane was reported to be lost close to the coast.

It was reported here the plane was in excellent condition after a 12-hour department inspection a month ago.

CAREFUL PILOT Penetration, owner and pilot of the craft was described by acquaintances as a careful pilot with 300 hours flying time.

The search was broadened today after the air force and civilian pilots swept the skies over the probable route Sunday without finding any trace of the vanished craft.

Flight Lieutenant W. A. Sutherland, pilot of one of the two planes that searched the area last night, said his crew was over the ground fire but decided after a closer check that it was not built by the missing plane.

Arrival of seven planes from No. 123 air force rescue unit at Vancouver stepped up the search today.

The all-out search today following Sunday's five-plane daylight search of the area and night search by two planes on the alert for fires or camp fires.

A search plane then the Coasta failed to arrive Saturday on communications points along the route revealed it was not heard from after it took off.

10 MILES COMBED A ten-mile radio band between Edmonton and Whitecourt was combed three times Sunday with no result after one Dakota reported of running into a particularly bad ice concentration midway between Grande Prairie and Whitecourt which might have forced down the light plane.

Celling was low Saturday with clouds hanging only 50 feet above the ground in some regions. Conditions were continuing to improve today after a slight let-up Sunday.

The plane was forced down the undergarments could suffer severe damage from the thick scrub cover most of the area, it was speculated.

CAME TO HUNT The two missing Vancouver men, Pennington and Morton, came to Alberta last week to hunt. They picked up the three Edmontonians—friends of Morton—in Edmonton.

Herbert Nixson, Edmonton, said today he would ordinarily have accompanied the group, but was forced by business to stay behind.

The three Edmonton men hunted frequently together and with Morton before he moved to Vancouver. He, a son of former Alberta premier J. C. Ridd and a former RCAP pilot, works at Motor City Supply Co. here. Dory is the owner-operator of Dory's Window Cleaners. Morton formerly operated a used-car business in Edmonton.

Two of the three Edmonton men are married. Mulcahy with a three-year-old son, Jerry, and Dory with one adult daughter, Margaret, are of British and Irish descent.

A national ballet company and school for Canada is foreseen by a distinguished visitor to Edmonton, Madame Ninette de Valois, director of Britain's Sadler's Wells troupe.

80 Per Cent Wheat Crop Is Threshed

Threshing in Alberta has been completed for 84 per cent of the wheat crop and 78 per cent of the coarse grains crop.

United Grain Growers survey of 14 districts in the province shows average yield of 14.3 bushels to the acre in wheat, 28.2 bushels in oats and 21.6 bushels in barley.

Harvest, slowed down in many areas by the previous week because of rainy weather, advanced by leaps and bounds during the week just ended.

Five Candidates Now Entered In Council Race

A fifth independent alderman candidate turned up today. T. A. "Tommy" Graham, who last year contested the mayoralty as an independent, today announced he will be the running for city council seat on Nov. 3, his 36th birthday.

NARROW ESCAPE from serious injury for Linda Blackwell, two and one-half years old, 1134-123 street, when she fell 10 feet into a watermain ditch at 112 avenue and 123 street.

James Blackwell, her father, looks ruefully at tricycle while Linda is in bed recovering from gash in head.

Child Rides Tricycle Into Watermain Ditch

Severe gash in the scalp was suffered by little Linda Blackwell, 1134-123 street, when she fell 10 feet into a watermain ditch Sunday morning.

Linda, not yet three years old, was riding her tricycle when she fell into the open ditch at 112 avenue and 123 street. She is the daughter of Mr. and Mrs. James E. Blackwell, 1134-123 street.

Her father took her to Royal Alexandra hospital, where stitches were applied.

"The skin was laid open to the bone," said Mrs. Blackwell. "It could have been a more serious accident. A child might be killed by striking the watermain."

At police headquarters the identified a photograph in file as that of his attacked. The man identified was from B.C.

30 Miles Of New Sewers Are Laid

City Engineer Totals Up Vast Works Accomplishment

Total of 30.2 miles of sewers were laid to Sept. 30, in course of Edmonton's record-battering \$5,787,000 program of 1950 public improvements.

Other major works completed in the first nine months were listed today by City Engineer J. D. A. Macdonald as: 29.3 miles of concrete sewer, 24.6 miles of brick sewer, 10.7 miles of road paved, 9.2 miles of walks and crossings laid, 5.1 miles of new street oiling.

"An improvement in the cement supply situation has made it possible to undertake a larger program of street paving than at any time since 1913," Macdonald said.

Relief Sewers

Almost \$1,000,000 has been spent this year constructing relief sewers in districts where basement flooding was prevalent in heavy rain.

"Relief sewer construction will continue next year in districts not already completed in an endeavor to minimize basement flooding during rainstorms," Mr. Macdonald said.

For the first time in several years the department has been able to build concrete curbs at all intersections where new graving has been undertaken. In addition, several miles of previously gravel roads but uncurbed streets have been curbed.

"The tremendous backlog of work which must be done take several years to overtake," he said.

Cadet League Meeting Here

Concerted drive is now underway to increase membership of the 15 Cadet League of Canada from 13,000 to 25,000.

This was announced here today by President Barker Bates of the Air Cadet League of Canada.

Mr. Bates is in Edmonton with other top officials of the league attending the annual meeting of the Alberta provincial committee of the league.

Conferences are being held at Northwest Air Command.

Alberta strength of the league is about 2,000.

Eric M. Duggan, chairman of the Alberta committee, is presiding at meetings here and more than 100 delegates from 28 Alberta squadrons are attending.

Alcohol Brief Is Prepared

A brief suggesting greater emphasis on practical work in teaching alcohol control was prepared by Alberta - Saskatchewan - Manitoba School of Narcotic Education at a week-end meeting in Saskatoon.

The brief, showing results of a prize-winning survey of alcohol education, will be presented in the near future to departments of education in the three provinces.

Meeting also planned for the fourth annual session, scheduled to take place next August in Saskatoon.

Alberta delegates at the meeting were Mrs. George Knight, Edmonton; E. C. Baldwin, Calgary, and J. V. Jacobson, Vermilion.

Plans for the annual Burns Night dinner, to be held in January, following the meeting, Al MacDonald gave a short talk on his trip to Scotland during the summer of 1949.

Club Names Blackstock

G. M. Blackstock, Edmonton Public Utilities commissioner, was last night elected president of the Edmonton Burns Club at the 30th annual business meeting of the club.

Other officers elected for the coming year are: Murray Hamilton, vice-president; H. H. Gillespie, honorary secretary; Frank Heron, honorary treasurer; Stuart Douglas, archivist; Arthur Miller, pipes; Ralph Cooper, pianist and R. J. Jamieson, bard.

The only other business discussed was the formation of a committee.

JOHNSTONE WALKER'S Daily Store News

Edmonton's Own Store

Coats for College! Coats for School! Coats for Business! Coats for Casual Wear!

All Styled in the Easy Going Manner of Fall and Winter Fashions

Fall and winter coats that are really smart and practical for all occasions. Smart because they present you at your best, practical because they go here, there and everywhere... because they are tailored of smart-giving wools in beautiful textures in lovely new fall shades. Some rely on their own smart details... others on luxurious fur trim, down fronts or on collar and cuffs.

Smart Fall and Winter Coats That Pride Themselves on the Absence of Furs

29.50, 35.00 and 39.50

Classy and smartly tailored they will make a strong appeal to college and high school students, to teachers and executives! Snug fitting, smooth shoulders, plain or with yokes. Many have shirred waistline or self belts. Fitted and loose models with patch and alaid pockets and novelty-cuffed sleeves. Tailored from imported and Canadian woolsens including broadcloths in lustrous, rich, subtle and floor cloths. Choice of shades: scarlet, wine, brown, forest green, milk, grey, navy, eggshell and ivory.

All are satin lined and fully interlined... chambray "CIT" processed fabric to the waist. Sizes 10 to 14. Priced 29.50 to 39.50.

Four Ways to Buy Your Fall and Winter Coat: Trimmed, Fur Trimmed or Fur Coat

"Layaway" ... "Buy Now, Pay Later" ... Charge Account or Cash-As You Please!

Fur Trimmed Dressy Casual COATS of Imported Woollens

45.00 to 98.00

Flattering flare-back and straight-back fall and winter coats with shoulder yokes... and plain fitted models with or without belts... completely new in their lines and details... and luxuriously trimmed.

Particularly noteworthy in this season's coats is the much finer quality of the materials of which they are fashioned! Imported fine all wool broadcloths... ottoman crests... Veldona... and Coverts in lustrous, forest green, wine, red, cherry, forest green, brown, beige, grey, navy and black.

Gloriously with luxurious fur-trimmed Silver Fox... Muskrat... Squirrel... Jay Mink... Persian Lamb and Mouton (processed lamb).

Fully interlined-chambray to waist. Sizes 10 to 14 and 14 1/2 to 24 1/2. Priced 45.00 to 98.00. Available on Budget Plan.

Glossy Black RUSSIAN SEAL COATS

Authentic 1950 Styling... Dependable in Quality and Craftsmanship

(Dyed French Rabbit)

Russian Seal is that wonderfully supple dyed French rabbit fur which permits highest styling of its soft, pliable pelts. Black as Arctic night and with a lustre to make you look your loveliest! Authentic in styling with rippling, swirling backs... generous sleeves, collars and show-off shoulders framed by the show rooms of autumn and winter, 1950 and 1951.

You'll be thrilled with one of these glossy black Russian Seal coats and having sponsored these coats for fifteen seasons we know you'll get satisfactory service. All are lined with durable satin. Sizes 12 to 16.

JOHNSTONE WALKER LIMITED

Traffic Commissioners

Edmonton's traffic system, if there is such a thing, is breaking down under the fact that there are not enough police officers to enforce the law. Why not ask the Corps of Commissioners, then, to undertake certain traffic duties until the police force can be adequately augmented?

The prohibition on left turns, wherever it has been applied, is openly flouted by motorists, either because they do not see the signs or because there are not sufficient constables to police these corners.

The rule compelling motorists to give pedestrians the right of way on intersections is not observed by one driver out of ten, again because there are not enough officers to enforce it.

Almost every traffic regulation in the city is flagrantly broken day in and day out for the simple reason that the police force is short of men.

This newspaper is utterly opposed, in principle, to amateur policemen.

We believe that the professional force of highly trained and disciplined men should be large enough to handle every aspect of police work in Edmonton.

Now Go Out and Sell the Facts

The provincial economic affairs department has completed an economic survey of Edmonton which is said to be the most intensive and extensive of any yet made in the province.

This survey is described as covering most exhaustively Edmonton's economy, population growth, resources, economic development and a comprehensive list of unanswerable reasons why industry should establish here.

The department of economic affairs has done a first class job in this series of surveys. The problem has been attacked intelligently and competently. But the department should remember that the job is only half done when the survey is made. The biggest task is to go out and sell it in the industrial markets of the world.

No Place for Tourists' Cars

Council's haste in passing a ban, last Spring, upon street parking between the hours of 1 and 7 a.m. comes to unhappy fruition with a hotel protest to the effect that this ban is driving away business.

Council's step was taken with the idea of clearing streets for cleaning purposes during the annual vernal mud bath.

As the Bulletin pointed out at that time, this admirable purpose could have been accomplished by the use of no parking signs wherever street cleaning was to take place overnight.

But council went out full way and, in

But, at present, it is not large enough to do this job.

And the way things are going, it does not look as though it may be large enough for months.

The city administration does not seem to appreciate, even yet, the crying need for a police department commensurate with the importance and size of Edmonton.

Obviously, then, some expedient must be employed if the traffic system, so-called, is not to completely collapse.

We offer the suggestion that the Corps of Commissioners, composed of competent and experienced ex-service men, should be asked to assume the job of checking on parking meters and issuing tickets to offenders, of going on guard duty wherever traffic jams or traffic signs have been erected and of performing such other traffic jobs as are suitable to their training and capacity.

Such a step would be merely an expedient. But it would temporarily release regular constables for other pressing work.

Certainly something must be done without delay.

And the city of Edmonton should remember that this document was not prepared to feed the vanity of Edmonton people but to excite the interest of people elsewhere.

It is completely useless if it is merely circulated in Edmonton so that Edmonton people may more greatly admire Edmonton.

The completion of this survey suggests or should signal the beginning of a job of information that should take Edmonton representatives to wherever an industrial dollar is available for use here.

There is absolutely no use sitting down intelligently and competently, as the department has done, to answer questions about Edmonton explained in this survey.

The message in this report must be carried to Britain, carried to the United States, carried to Eastern Canada—wherever capital is interested in finding new outlets.

But the harm must have been considerable because a tourist, arriving in Edmonton after nightfall, has absolutely no place to park his car except the street—where he wants to leave his vehicle outside the city limits.

The regulation should be reasonably modified.

its passion for the removal of mud, inspired by the righteous indignation of citizens, banned all street parking when regular business hours were over.

No one can say what harm was done to the tourist traffic this summer by this extravagant gesture.

But the harm must have been considerable because a tourist, arriving in Edmonton after nightfall, has absolutely no place to park his car except the street—where he wants to leave his vehicle outside the city limits.

The regulation should be reasonably modified.

When they return, they will make the knowledge they have gained available to every committee such as Edmonton's.

These committees should be guided by that knowledge and not by their own prejudices.

They should not enter upon their duties prejudiced by the views of amateurs.

Civil defence is a highly specialized business.

The Timid Soul

MR. MILQUETOAST REMEMBERS THE PIPE CLEANER SHORTAGE IN WORLD WAR II

Good World

Editor, Bulletin.—Last Sunday afternoon I drove out to the lake and stream with a bag full of notes and ideas. Also a type writer. I was all set to write a beautiful poem. I wanted to write a poem that would bring the mind and heart of the world to a people half sick from fear, in this war torn world. Somehow things were not turning out as I had expected and I took a moment off to enjoy the running waters of the lake.

As I stood there watching the tumbling waters and listening to the wind in the willows, I realized that we mortals are well provided with a lot of good things.

I knew that I could never find these simple works of nature that most of us have access to, so I wrote the following verse:

IT'S A GOOD WORLD
Men all need never seek
Never need to search for
music.

Never be without a poem
To cheer you when you're
In a magic color scheme.

Yes, the world is full of beauty.
Everywhere true friends are
found.

And all the wealth of Nature,
Springs forth in abundance,
To cheer you when you're
In a magic color scheme.

Leave it all alone, peace
doubt,
Known to all the One who
made us.

I'm more than likely here
yet.
W. J. McKeen
Swift Current, Sask.

Farmers' View

Editor, Bulletin.—Because of my all-outstanding statements in both press and radio recently by editors, public men and some private citizens with regard to the so-called high prices assumed to be received by our Canadian farmers, because of these erroneous conclusions on the part of some of our urban residents, let me take a brief and hurried review of what we farmers are actually receiving through the present season.

First of all, the weather. I am not going to say a word about Manitoba only to observe that they have suffered even more than we of the other two Prairie Provinces. A very long cold, dry period in the spring resulted in very poor germination of all over the prairie area with no rain until 25-31 of June.

Many had given up all hopes of crop or food income at this time. Look at your population, your make good what it all? It did not, Saturday morning, August 12th, dawned with disaster.

W. J. McKeen
Swift Current, Sask.

Danger Is Very Real

There was some reason to believe that the influenza epidemic in a similar manner during World War I. It was through rather than medical skill that the world was spared at least for a time.

Even without a big epidemic, influenza is an important and dangerous disease.

We're Open To Attack

This was given to large groups of people who were likely to be exposed to the disease. The reason for this was that the vaccine was made from a strain of virus which was not the same as the one that was causing the disease.

Several kinds of strains of the virus responsible for influenza have been discovered. In 1948, a new strain was discovered. The most common varieties of influenza virus were prepared.

Letters to the Editor

Dangerous Analogy?

Editor, Bulletin.—Your editorial on "Comrade Vinsky's paper."

It is possible for the United Nations to be a good thing, as most likely shall, as did the League of Nations, or any other such organization founded by man so long as they continue to ignore Christ and his teaching.

However, Mr. Editor, the Catholic Church did not split in the middle ages nor shall it in any other age. I am not saying that heretics did not arise and leave the church; but they did split up and shall continue to split up until today some of them go so far as to deny Christ and any part of his teaching.

We have high and rapidly increasing freight rates. We find that everything we buy and we use, of course, by far the heaviest consumers, is skyrocketing in price.

It is a good world, men all need never seek, never need to search for music.

Never be without a poem to cheer you when you're in a magic color scheme.

Yes, the world is full of beauty. Everywhere true friends are found.

I will return to Jerusalem in early—Ezek. 1:3.

By Edwin P. Jordan, M.D.

Hope Was Aroused

If a new world-wide epidemic of influenza started today, how would we be able to cope with the disease? The explanation for the 1947 influenza has been studied. Apparently it was caused by the fact that the influenza virus was not the same as the one that was causing the disease.

Several kinds of strains of the virus responsible for influenza have been discovered. In 1948, a new strain was discovered. The most common varieties of influenza virus were prepared.

MR. MILQUETOAST REMEMBERS THE PIPE CLEANER SHORTAGE IN WORLD WAR II

Alien Race For Capital Of North Korea

Last Major Battle
Of War Possible
At Early Date

By BELMAN MORIN
TOKYO, Oct. 16.—(AP)—
Allied troops plunged today
toward the flatland approaches
to the Communist Korean
capital of Pyongyang and
possibly the last major battle
of the war.

The drive for Pyongyang was
turned into a race between South
Korean 1st Division troops and
the American 1st Cavalry Division.
The U.S. foot troops smashed
22 miles before noon today. They
fought through stubborn resistance
to Suwon, only 40 air miles from
Pyongyang. They kicked off at
dawn from Naengju.

Almost due North, South Korean
division elements were in Suwon,
only 40 air miles from the capital.
BREAK INTO RUN
AP correspondent Jack MacArthur,
with the South Korean and they
"broke into a run" for Pyongyang.
American tanks led the thrusting
columns.

There were signs the Russian
army was crumbling rapidly. But
large units still under the
firm control of commissar-type
officers resisted fiercely at some
points.

Military circles in Tokyo pre-
dicted the war would be over in
a few weeks. They expected major
fighting to end with the fall of
Pyongyang. However, a campaign
to mop up Red army fragments
could drag throughout the winter.

CHARGE TO BORDER
The high mark of the Allied drive
northward is expected to be the
chase of fleeing Red troops into
the hands of the explosive Manchurian
and Siberian borders.

While the four Allied columns
drove toward Pyongyang, Gen. Mac-
Arthur had ample additional troops
to throw at the falling Reds
wherever he chose to do so.

Speculation was rife that Mac-
Arthur, back from his Wake is-
land conference, would be named
President Truman, had the signal
to throw everything at the re-
maining Reds.

Prisoners in large numbers were
gathered by the advancing troops.
The total held by United Nations
forces amounted to 65,000. Some,
taken from the North Korean 13th
division, estimated that 30 per cent
of their original number had de-
serted before going into battle.

Drive To Save
War Prisoners
YONGBU, North Korea, Oct.
16.—(UP)—An American-led
force of 16,000 men, including
Yongju, capital of North Korea,
in an attempt to save an estimated
1,000 American war prisoners from
possible slaughter by their Com-
munist captors.

Fear for the safety of the
Americans were aroused by the
discovery of the mutilated bodies
of more than 500 South Korean
war prisoners shot, bayoneted
or burned in this past week
in a schoolhouse prison. A portrait
of Soviet premier Josef Stalin
looked down on the carnage.

15-Cent Drop
In Oil Price
Announced
Fifteen cents a barrel drop in
the price of oil was announced today
by Imperial Oil.

The drop in the oil price is re-
flected in refined products by a
reduction of seven-tenths of a cent
a gallon in the wholesale price of
gasoline and kerosene and half a
cent a gallon in gasoline, stove and
other light fuel oil.

The price drop results from the
higher exchange value of the Canadian
dollar following Ottawa's recent
de-control action.

SHOESTRING START on \$250 borrowed to bring him from Belgium to Alberta was parlayed to outstanding farm business by Emilie John Cammaert, Rockyford. Quarter-section rented farm of 1923 has been developed to 1,170-acre project, with herd of 56 purchased Shorthorn cattle, and modern farmstead complete with swimming pool. Mrs. Cammaert, daughter Margaret and husband relax at home.

Five Outstanding Alberta Farm Families Are Honored

Five outstanding Alberta farm families were very keen to receive official recognition today.

They were named by Hon. David Ure, minister of agriculture, as winners in the agriculture department's second annual Master Farm Family contest.

Winning families are:

- Emilie Cammaert family, Rockyford.
- Charles J. Kallal family, Tofield.
- Roy Ballhorn family, Wetaskiwin.
- R. S. Parson family, Boyle.
- Fred Labrecque family, Spirit River.

Each master farm family receives an award of \$1,000, an engraved plaque, and a name plate for the farm entrance.

OBJECTIVES

Objectives of the master farm family program are to provide a practical demonstration of farm and family progress and approved farm practices which bring success. This is to emphasize the advantages of the farming profession and the wholesomeness and dignity of rural life. It is designed also to show the farm youth the high ideals of agriculture and the opportunities in rural life.

Walls announcing the master farm family names. Mr. Ure reminded Albertans that one of the main purposes of this program is to locate and honor those who have achieved outstanding progress in farming, home-making and citizenship. The minister also drew attention to the scheme's slogan of "Good Farming—Right Living—Clear Thinking."

INTEREST KEEN

Interest in the program throughout the province was keen.

Willington Has Farewell Party

WILLINGTON, Oct. 15.—First family to settle in Willington, Mr. and Mrs. A. S. Downey, are leaving this district for Saskatoon.

Mrs. Downey left last week to attend her sick mother. Mr. Downey has resigned as postmaster and will follow as soon as the vacancy is filled.

Before the departure of Mrs. Downey, women of the community presented her with a gift of silverware in appreciation of her support of the district. She was superintendent of the Sunday school, president of the Red Cross during the war, member of the IOOF, and regent of Col. Reid Chapter for the past two years.

INNISFAIR, Oct. 15.—A number of property owners here have been advised they must install water and sewer facilities after some of the privately owned wells were found to be contaminated.

Rockville Asks Road Repairs

ROCKVILLE, Oct. 15.—Rockville Board of Trade, at a special meeting held on Wednesday night, appointed six members to meet the council of Lacombe Municipality in effort to get the road from Number 11 Highway into the Village to be better shaped before winter sets in, and if possible to get the provincial government to improve it as a link-up with highway 12.

A delegate to this meeting reported that Lacombe would give support to the representations to the government, and that arrangements for the preparation of a brief were being made.

Rocky ATA Local Elects Officers

ROCKY MOUNTAIN HOUSE, Oct. 15.—Rocky sub-local of ATA met Thursday to elect officers for the coming term and to draw up a program.

President is A. J. McCune; vice-president, R. J. Drexler; secretary-treasurer, Miss M. H. Gense; councillor, G. A. Taylor; press correspondent, A. S. Windsor.

There was considerable discussion of the proposed "parent-teacher" meetings, which are expected to replace report cards, and how it will be done was left to the discretion of each teacher. All present thought that the meeting of report cards could be discussed and parents would understand it better if they saw the students' books, and then realize how best their children could be helped at home.

Findlay Barnes, District Superintendent, who has just returned from three years work with the Department of Education in Ethiopia, was present and told of his work there. Mr. Barnes was superintendent of the Rocky Mountain House School Division before leaving for Ethiopia on three years leave of absence.

Grandmas Win Special Prizes

EDSBURY, Oct. 15.—Grandmothers' night was held at a meeting of Lone Pine W.V. here last week at the home of Mrs. D. B. Bruce.

There were 10 grandmothers present who received corsages and special prizes. Winners were: oldest grandmother, Mrs. Emily Richardson; youngest, Mrs. Sam Elliott; largest, Mrs. Stewart Tupper; smallest, Mrs. Edith; most grandchildren, Mrs. Emily Richardson; least grandchildren, Mrs. Pete Schumacher; oldest grandmother member, Mrs. Bruce; newest member, Mrs. Pete Neufeld; whitest hair, Mrs. Lucy Jackson; darkest hair, Mrs. Sam Elliott; no grandchildren, Mrs. Ruth Eichel; Mrs. Agnes Peterson and Mrs. Edna Dowell.

OLDS, Oct. 15.—Baron Tweedsmuir Chapter IOOE, raised \$18.25 for the Canadian National Institute for the Blind through their recent tag day.

Strome Board of Trade Seeks Better Highway

STROME—An active campaign for a better highway along Highway 13, Camrose to Provost, started by the Strome Board of Trade in the form of a letter to the minister of public works.

STETTLE, A. C. McLeod, special cattle representative of Manning Pacific Express Company, who has been in Stettler attending the funeral of his stepfather, Thomas Greater, returned to his home in Edmonton Saturday.

ECKVILLE—Approximately three inches of snow fell in the district last week, and the showers of rain since has seriously delayed the harvesting, which is about two-thirds finished.

Grain is yielding good but frost damage has lowered the grade considerably.

ROCKY MOUNTAIN HOUSE—

Joseph Steen, owner of the theatre in Lethbridge, treated everyone in the town and country to a free show Thursday in celebration of the birth of a son.

More than 300 people were present.

ECKVILLE—Eckville Lions Club held their annual carnival Thursday and Friday evening.

Due to numerous other events in the district, the carnival was poorly attended and not the success it was last year.

ROCKY MOUNTAIN HOUSE—Rev. and Mrs. C. G. Padon of San Jose, Nicaragua, have been holding services in the local Nazarene Church.

They are so far from home in Alberta after seven years in mission work in Nicaragua, and will return to their work there early in the new year.

Silverwood's ECD

SILVERWOOD'S

EDMONTON

GOVERNMENT OF THE PROVINCE OF ALBERTA

announces the second annual

MASTER FARM FAMILY AWARDS

for 1950 to the following:

- | | |
|---|---|
| Emil Cammaert Family
Rockyford, Alberta | Charles J. Kallal Family,
Tofield, Alberta |
| Roy Ballhorn Family,
Wetaskiwin, Alberta | E. S. Parson Family,
Boyle, Alberta |
| Fred Labrecque Family,
Spirit River, Alberta | |

The Master Farm Family Award is recognized by an award of \$1,000.00, an engraved plaque and a name plate for the farm entrance.

The purpose of the Master Farm Family program is to find and honor those who have achieved notable progress in farming, home-making and citizenship and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by the Master Farm Family program.

DEPARTMENT OF AGRICULTURE

Government of the Province of Alberta

Hon. David Ure, Minister O. S. Longman, Deputy Minister

FROM FRONTIER boom town of Athabasca in 1913 E. S. Parson and his 20-year-old bride trekked 30 miles on foot through unmaped bushland to establish homestead near what is now town of Boyle. Wilderness they tamed now supports unique fruit orchard, most northerly of any in Canada and yields crab apples and rare unnamed species of plum which they examine here.

HERITAGE OF LAND gave Fred Labrecque his first stake in fertile Spirit River district. Half-section given him by his father who pioneered district is part of master farm now and in time will pass to his sons, Romeo, 18, Lorne, 15, Arthur, 11 and Leo three and a half. Daughters Bernadette, 17, Diane, nine, and tiny blonde Yvonne, 16 months, will learn to share their mother's love of homemaking.

TEAM OF FARMERS and farmerettes—the nine Kallal children—get credit for success of Charles J. Kallal and Mrs. Kallal, Tofield district couple who are Master Farm Family award winners. "They all pitched in and helped each other—and us," says Mr. Kallal of family's success over 23 years in developing 1,920-acre farm. Three of nine children remain on farm, others live nearby.

CALAMITY JANE, TOO

Days With Buffalo Bill Recalled by Manitoban

CRANBERRY PORTAGE, Man. (CP)—Caribou Smith, 88, wild-west showman, cowpuncher and freighter, says "Buffalo Bill and Calamity Jane were like father and mother to me."

He displays a frontier-model Colt revolver—a .44-calibre on a .45-calibre frame—which he says was a gift from Buffalo Bill. He says he remembers "many scalps hanging from the belts of Indian braves" in his boyhood.

Caribou's story is that he ran away from his home in Yakima,

Wash., in 1873, taking along a pony and a few supplies. His target was Wyoming, where he wanted to join Buffalo Bill and work on his cattle ranch.

(Buffalo Bill, or William Frederick Cody, was born in 1845, died in 1917. His early life was spent among Indians and he served as a Union Scout in the United States Civil War. His nickname came from contracts he made to supply buffalo meat for railway workers and troops in the American west.)

Cody gave him a job as a cow-hand. Later, when Buffalo Bill started his famous Wild West show, Caribou went along.

Caribou speaks fondly of Calamity Jane. He says she found him in a gambling hall where he wandered by mistake, learned his story, gave him food and lodging and next day took him to Cody's ranch. He always came back from trips abroad to wherever she was living.

After leaving the Cody show, Caribou says, he worked the rodeos and stampedes all over the United States, then moved to

Seven Executed

LONDON, Oct. 16.—(U.P.)—Seven members of a Polish underground organization alleged to be spying for the western powers were sentenced to death Saturday by a Warsaw military court, Warsaw radio reported.

Alberta in 1916. About two years later he moved to The Pas, Man., and soon was teaming freight to Reindeer Lake and Flin Flon, in that vicinity.

Iron Mine Blast Costs \$26,532

HUBBING, Minn., Oct. 16.—(AP)—Iron miners touched off 161,880 pounds of blasting powder here Saturday for a man-made explosion costing \$26,532. The blast was set off in the Hull-Stout mine, called the world's largest open pit.

It was detonated to free rich ore deposits under a peak in the mine known as "Rock Island." The powder was placed in 1,880 holes. The electrically-galvanized charges were spaced a fraction of a second apart to reduce shock.

Polio Foundation Work Taken Over

OTTAWA, Oct. 16.—(CP)—Scientists of the National Research Council will take over direction of the Canadian Foundation for Poliomyelitis research program, Horace Brown, executive director of the Foundation announced Saturday.

Active chapters of the Foundation operate in all provinces with the exception of Ontario, Manitoba, and Newfoundland, where chapters now are being formed.

CLIVE, Oct. 16.—Margaret Westling, who is a student in Lacombe, has been chosen to run as Carnival Queen.

She was elected by the student body. The Lions Club baseball Carnival is held in Lacombe late in October.

600 Trained Pilots Is Object Of Program

OTTAWA, Oct. 16.—(CP)—The RCAF today launched a new air training program designed to produce 600 trained pilots a year to provide a pool of qualified fliers in the event of war.

Negro Dies After Brawl In Tavern

FORT LAUDERDALE, Fla., Oct. 16.—(AP)—William Henry Jones, 24, lived two weeks with a 3½-inch iron pipe in his head. Police said Jones didn't know about his injury until severe headaches developed Friday and he went to a doctor. Jones told authorities he had been in a fight at a tavern two weeks ago. Doctors operated and removed the iron pipe. Jones, a Negro, died a few hours later of a brain hemorrhage.

Soldier Slips, Case Solved

CALGARY, Oct. 16.—(CP)—Police have solved a week-long "amnesia" case. Pte. Donald Padgett admitted Saturday that he had not lost his memory. He is absent without leave from Peterborough, Ont. Padgett was tripped up by an army major checking his case. The officer discovered that while Padgett couldn't remember who was the king of England, he apparently unconsciously remembered the proper form in which to address an officer of His Majesty's forces and also other details of army routine.

Padgett was picked up by city police last Monday morning, after he was seen wandering down an alley with bruises on his body. He was treated at hospital before being held in custody in police cells.

Padgett, according to police, said he was sorry about his "loss of memory," but said he kept getting deeper into the story and couldn't stop.

The youth faces discharge from the army and also a charge of creating a public mischief.

Cotton Export Licences Off

HONG KONG, Oct. 16.—(AP)—The government of this British colony Saturday suspended issuance of licences to export raw cotton.

An official announcement said "new" was prompted by the current world raw cotton situation.

\$6 Millions Spent In Sask. Oil Hunt

Over 60 Wells Slated For Drilling This Year

PRINCE ALBERT, Sask., Oct. 16.—(CP)—J. T. Cawley, provincial director of mineral resources, says \$6,000,000 is being spent on oil exploration in Saskatchewan this year. Fifty-four wells have been drilled and another 10 season ends.

"It dwarfs everything that has happened in the past," Mr. Cawley said yesterday.

Most promising discovery has been the Albian well near Kerrobert, which could be used as a source of oil. The Grondit field, 120 miles north of here, was the "most encouraging from a geological point of view" in the Prince Albert area.

Mr. Cawley said 230 permits for surface exploration have been issued this year. Twenty-one permits for subsurface work had been granted. Fifty-seven companies were operating in the province.

Oil will be found in Saskatchewan, Mr. Cawley said, but not overnight. There would have to be a "great deal of hard work and digging." But the province was underlaid with an oil-bearing formation that is believed to run through the central part of the continent.

GEOLGISTS POSTED Work in Saskatchewan this year had been handicapped by shortage of drilling crews, drilling rigs and oil-well casings.

Mr. Cawley said three resident geologists are to be posted in northern Saskatchewan to gather information and become familiar with geological formations in the area. The present geologist, A. G. Horton, would remain in Athabasca. Another would be posted at Prince Albert and the third at Flin Flon, Man., on the Saskatchewan-Manitoba boundary.

Vatican Totals Clerical Victims

VATICAN CITY, Oct. 16.—(Reuters)—The Vatican Saturday stated that 11,000 Roman Catholic priests and monks have been executed, imprisoned or deported in three Catholic countries.

It listed three bishops executed, one cardinal jailed for life, two archbishops sentenced to long terms of imprisonment, one archbishop under house arrest and hundreds of clerics in exile.

Remains Found

LONDON, Oct. 16.—(Reuters)—Russian archaeologists in the southern Ural mountains have found a cave on the bank of the river Malyi Kizil with the remains of men they say lived 20,000 years ago. The Soviet news agency Tass reported Saturday.

Drivers say...

TRUCKS WITH FLUID DRIVE

Simplify Driving.. Cut operating Costs!

*Optional equipment on 1½ and 1½ ton models

Drivers like the smoothness and handling ease of Fluid Drive! And, you'll like it too, when you try it! You can roll along in high... slow down for traffic... then speed up again... all without shifting gears. Trucks last longer too because Fluid Drive provides a "cushion" between engine and clutch—tires, and more than 80 vital drive-line parts are cushioned from excessive strain and wear.

Your FARGO dealer will gladly arrange a demonstration of FARGO Fluid Drive for you—ask him!

Only Chrysler-built Trucks offer Fluid Drive!

FARGOS ARE CHRYSLER-BUILT... IN CANADA!

Red Raiders Find Igloo Has Easy Door to Open

By DICK BEDDOES

What beautiful quality makes winning football games easy? You guessed it: A 'friendly' opposition line.

This thought must have occurred to the Calgary Stampeders and 7,000 frenzied fans at Clarke Stadium Saturday night as the Cowtowners thumped Edmonton Eskimos 19-12.

It might also occurred to the Eskimos. But they did nothing about it.

The Stampeders did. They poured through the Edmonton line all night like water through a sieve. Just how well they smashed through is revealed in the yardsticks. The Calgarys gained 207 yards along the ground.

Edmonton picked up a scant 68.

The Red Raiders, who had been beaten four times previously by the Eskimos, were also fairly good in the air. Their aerial assault netted them 212 yards compared to Eskimo's 70.

As a result of Edmonton's loss and Winnipeg's flattening 23-1 triumph over Regina, the Blue Bombers are assured of first place in the final standing. The local gridironers are four points back of the Manitobans and two up on Regina.

FENEBCHON GREAT

Particular Edmonton nemesis was Chuck Fenebchon, a guy who was reported three weeks ago to be out of Calgary. But the Chucker was never more in than he was Saturday.

The former Eskimo scored two touchdowns to bring his season's total to four, skirting the easy easy six, and completed a career-high 14 passes for 100 yards.

Calgary marched from their own 35-yard line late in the first quarter. With Norm (China) Pickard, Harry Hood and Fenebchon, the Raiders moved with the hot foot. Stamp's ate up the yard. And Keith Spalding tagged Sugar Simpson with the ball twice for nine and 12 yard advances.

Fenebchon finally stalled around right end from four yards out. Vern Graham, leading scorer last year, got out of the huddle.

Spalding kicked another Calgary punt, the 14th, booting the ball 50 yards.

LINE HOLDS

Later, Edmonton's Ledy Berry, the outstanding line player last year, converted a six pass line late in the half. He hit Rollin Prather, who had 14 and 23 yards tagged Morris Mallard for two shorter completions.

But Calgary held on its own 25 and the Eskimos scoring chance was lost.

Brilliant 50-yard pass on the fifth play of the third quarter accounted for Edmonton's first TD. Doug Prosser gathered in Berry's heave on the Calgary 25 and the former Toronto Argonauts outmaneuvered Paul Kirk in the race to pay dirt.

But Stampeders bounced back like India rubber, halting immediately following. They marched from their own 36, courtesy of Spalding's right arm, to the 10-yard line.

Krong, Spalding passed to Fenebchon for 34 yards to move the ball to the 20-yard line where the Chucker went over on the next play.

Graham converted. Calgary 13, Edmonton 6.

The Calgarys kept coming like the blood riders of the rodeo. Spalding engineering a touchdown march early in the fourth quarter all the way from their own 10.

He passed 29 yards to Fenebchon, who hauled 19 to the Edmonton 28. Harry Hood scored after he, Krong and Copeland had ripped through gap plays in the Edmonton line.

Graham's convert gave Calgary an 18-6 margin.

With five minutes to play Edmonton's Bill Briggs left a Calgary victory over unbeaten and favored Texas.

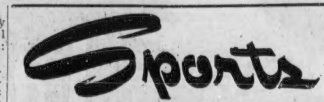

In a slight game, Southern Methodist ranked No. 2 in the United States, smothered Oklahoma A.M. 36-0 for its fourth straight victory.

At New York's Yankee Stadium, Army was stunned by the New Haven for the twelfth time by a quick Michigan touchdown and beat 6-0 at the end of the third quarter.

Washington continued its upward march with a 14-0 victory over Georgetown. Maryland is ranked eighth nationally.

Wisconsin, Ohio State and Northwestern won important conference victories in the Big Ten, which annually provides guest team in the Rose Bowl.

SHAKING OUT Eskimo tacklers for unlengthy time in Calgary

Calgary 'Chuck' Fenebchon. Former Eskimo was individual star of game at Clarke Stadium Saturday, with two touchdowns for victorious Calgarys.

Bulletin Sports Big Mallard Contest

Duck hunters in northern Alberta will be shooting for something else besides their bag limit in the waning weeks of the season.

For they'll also have their gun barrels pointed on some of the prizes being offered in the Big Mallard Contest.

The contest, which commences today, is sponsored jointly by the Bulletin and the Northern Hardware Co. Ltd.

The grand prize is a complete fishing outfit, composed of rod, reel, line and lure. There is a weekly prize, consisting of two boxes of shells.

Prizes will be awarded for the heaviest Mallard ducks shot during the contest. The contest will be held in the period ending November 11, 1950.

Prizes will be awarded for the longest Mallard weighed in during the period ending October 31, November 1, 4 and November 11, 1950.

Weight certificates will be given by the Northern Hardware and will determine the prize winners.

The Edmonton Bulletin is to have the privilege of interviews with entrants and the right to take pictures for publication.

A bird become eligible for the grand prize, but no bird may win more than one weekly prize.

The Edmonton Bulletin and Northern Hardware take no responsibility for birds entered in the contest, but contestants may keep their birds after the weight has been certified.

Hickey Hurt

Frank Hickey, Eskimo wingback from Toronto, suffered a severe ankle sprain in the Saturday scuffle. He may miss next Saturday's game with Stampeders in Calgary.

Winnipeg's Harry Hood, who was injured in the Saturday game, is expected to return to the team for the game with Stampeders in Calgary.

TURNING IN great performances for victorious Calgary Stampeders at Clarke Stadium Saturday night were, from left, backs Norm Kwong, 'Chuck' Fenebchon and Harry Hood. Kwong averaged close to a first down every time he carried ball, former Eskimo Fenebchon scored two Calgary touchdowns, Hood got the other. Stampeders won 19-12.

on the TOWN...

By Jack DeLong

'Tragedy' of King Lear

Interviewed after Saturday's football game, Eskimo Coach Annis Stukus said: "I'm so mad I could Lear."

Had a most welcome note from Velaskivik's so goodlooking Mayor Morley Merner. He points out that the new Camrose oil field is humming, (or is gushing better) right along, with Placid No. 1 just four and one half miles south of Camrose.

I've an orchid for a policeman. Tip came from J. C. Miller of 9150-138 street. He wanted the poxy to go to policeman who gave motorist a ticket for not giving a pedestrian right-of-way at 108 street and Jasper at 5 p.m. Thursday.

"Killing" Korea: This message is for AB. W. S. Meun on HMCS Cayuga and reads: "A big hello from Delores, Mom, Dad and Roger. Hope you'll be back soon." Message is signed: Delores Knul, Leduc.

Another friendly flash goes to AB. Billy Casswell on Athabaskan from Bobbys Evans, Mary and brother Bill. It reads: "Hope you get home for Christmas."

Art Lilley, the insurance man, sent me an interesting document. His man, Bud Rose, found it in a South Side office.

It's a petition to the executive council of the federal government asking that a traffic floor be constructed on the proposed high level bridge connecting Edmonton with Strathcona.

Some 205 citizens of Strathcona signed the document. It's dated Nov. 24, 1960.

Some of the names intrigued me, such as: R. A. Hubbert, Edna G. Gentry, John Walter, D. Moroni, J. E. Smith, J. Pollard, James Gallagher, A. V. Richards, Charles H. Grant, John A. McDougall, R. Carmichael, John S. Fraser, T. R. Tipton, C. Bisset, J. Carmichael, W. A. Groat, Dr. D. Martin and John DeLong.

Charlie Grant is still going strong and still interested in traffic as a leader of the AMA.

We still need bigger bridges in our town.

Decker and duck time: Glenn Decker, Hull block, Edmonton, shot a blue teal Saturday at Woodford lake. It had only one leg. Deckers had only one drunk-sit between them.

Winches and wenchies time: I promised to tell the girls in the Qu'Appelle building how the big power crane came down from the heights of the Macdonald hotel extension.

The big boom was hauled down with winches, one to each of the four corners, with cables attached. Any wiseguy? Darned if I am.

Elegant Elsie came up with another drop one when I told her about the crane. Cracked the Elegant one: "They just sort of winched their way down, eh?"

A warm goodnight to all and especially to people who haven't put their storm windows on.

Wider Acceptance Of Gyro Tenets Is Urged

Thirty-eight years spent in the cause of individual and international friendship were celebrated by Edmonton's Gyros Saturday night in the Macdonald Hotel.

Over 100 Gyro Club members and wives attended the dinner dance which commemorated the founding of the first club in Cleveland, Ohio, in 1912.

The keynote was sounded by A. Russell Carter, Edmonton, 2nd international vice-president of Gyro. He urged a wider acceptance of the basic Gyro tenet of "promotion of friendship between individuals, nations, cities, states, provinces and countries."

Not including the \$125,000 donation by Edmonton Civic Association, Saturday receipts totaled \$14,815, bringing the grand total to \$23,200.

Monday morning's total will stand at \$75,800, the difference being made by the large check from Civic employees.

NEAR HALFWAY This brings the total to near halfway mark, but as secretary Grant Smith put it, "There still should be a lot of people with guilty consciences."

Largest donation yesterday came from Woodward's department store. They handed in \$2,000. Woodward gave a cheque for \$5,000. Rotary Club and Canada Packers each gave \$1,000. Woodward's employees donated \$500 and the employees of 5000. Employees of North-west Industries gave \$400.

STYLLER, Oct. 16—Styler FW, U.S. held its first fall meeting at the home of Mrs. A. Payne, Tuesday. Paper on social welfare, featuring the latest in social welfare, was read with a discussion following.

TROCHU, Oct. 16—Ladies of the Royal Purple Lodge held a successful tea at the home of Mrs. A. Payne, Tuesday. Paper on social welfare, featuring the latest in social welfare, was read with a discussion following.

TEACHING RELIGION IN COLLEGES URGED

A fortnight plea for the teaching of religion in the University of Alberta campus was made Sunday night by Rev. R. B. Vipond at Metropolitan United Church's annual Students' Night.

Religion can no more be an optional subject in school than it can be an optional subject in life, declared Rev. Vipond. "We must maintain it with religious at the highest level."

He urged his students who crowded the church to capacity to make the first step by making up the mind to be a Christian.

Woman Dies In Plunge From Bridge

A mother of two boys was killed in a fall from the High Level bridge late Saturday afternoon.

She was Mrs. Nicholas (Annie) Norwick, 40 1/2 year old, who was survived by her husband and twin boys, aged nine.

Mr. Norwick, who with Steven Spot, a brother, identified the body, said his wife had an operation three weeks ago.

It was the third High Level tragedy this year.

Previous death by a plunge from the High Level Bridge was that of Edward McNeil, 11-year-old school teacher, on August 27. A 70-year-old man fell to his death March 7.

The woman is believed to have jumped from the west railing at a point half way over the bridge, about 5 p.m.

Police removed the body at a point just below the Arctic Ice plant, 1000-97 avenue at 5:53 p.m. Firemen applied the inhalator and artificial respiration until Dr. M. M. Cantor pronounced the woman dead at 6:30 p.m.

Five firemen and three firemen under Fire Captain Harry B. Shea rushed to the scene of the incident when William McNeil, 1064-91 avenue, telephoned police at 5:15 p.m. that a woman had jumped from the bridge.

Orville Babbs, who works for Regent Drilling Co., and James Thomas, 1234-10 avenue, told police they were going north across the bridge when, about half way across they caught a glimpse of a woman climbing over the rail on the west side of the structure.

After leaving the bridge they got out of the car and returned to the spot. Failing to see the woman, they believed she had leaped off.

NOTICE BODY They said they travelled to the 103 street bridge where they noticed the body. They then notified the police and followed the body down the river. They saw the woman's pants floating near the body but lost sight of it before the police arrived.

Constables C. M. McNeill, John Reid and John McCallum launched the 14-foot city boat near the power plant while Constables Guy Peisma and Doug Maxwell patrolled the river bank.

When the body was noticed on the south side of the river, the constables pulled across and removed it to the north bank.

Before the body was removed, two sons, Alexander and Eugene, age 9 and 11, were with their mother, Mrs. M. Norwick, three brothers, Alex, Steve and Maurice; two sisters, Mrs. M. M. Norwick, and Mrs. M. M. Norwick, all of Edmonton.

Funeral service will be held at 9:30 a.m. Wednesday in the Russian-Greek Orthodox Church here and one-half miles west of Niska. Prayers will be said at 7:30 p.m. Tuesday at the Russian-Greek Orthodox Church on 96 street.

Choice of Mrs. Norwick, past president of the senior women's association, was a tribute to the work done by the women of the reconstruction of the church, said W. H. John, chairman of the building committee.

Mrs. Norwick used her little episode with energetic strokes to dig the first bit of soil on the ground at 11:30-84 avenue, where the new church will rise. It will cost \$20,000.

BUILDING FUND Mr. John announced that there was \$12,000 cash in the building fund and another \$6,000 in pledges. The church has traded its present lot for two and one-half lots of school board property a short way down the block.

Before the land and turning a special service was held in the church. H. E. Tanner gave a history of Gyro's emigration from 1907. Greetings were brought by Rev. H. E. Tanner, pastor of Metropolitan United Church; Rev. Gerald Hogg, Knox Church; Dr. Thomas Hart, president of the Alberta Conference; and Rev. A. J. MacQueen, chairman of the Edmonton Conference.

Rev. D. C. Ramsey, Gyro pastor, conducted the service.

Plans are being made for a 3,000-seat, eight-story exhibition at New Delhi in January.

The Cullinan diamond weighed 3,100 carats, almost when found in the Transvaal in 1905.

EDMONTON BULLETIN

EDMONTON, ALBERTA, MONDAY, OCTOBER 16, 1960

Turning of sod by Mrs. W. V. Newson yesterday marked ceremonies at 11:30-84 avenue, where new Garneau United Church will be built. The church will cost \$24,000. Mrs. Newson's grade work was preceded by service in present Garneau church. A building fund of \$12,000 in cash and \$6,000 in pledges has been raised for the new church.

Woman Turns First Sod For New Garneau Church

A step forward in the growth of Garneau United Church was taken Sunday when Mrs. W. V. Newson turned the sod for a new church.

Choice of Mrs. Newson, past president of the senior women's association, was a tribute to the work done by the women of the reconstruction of the church, said W. H. John, chairman of the building committee.

Mrs. Newson used her little episode with energetic strokes to dig the first bit of soil on the ground at 11:30-84 avenue, where the new church will rise. It will cost \$20,000.

BUILDING FUND Mr. John announced that there was \$12,000 cash in the building fund and another \$6,000 in pledges. The church has traded its present lot for two and one-half lots of school board property a short way down the block.

Before the land and turning a special service was held in the church. H. E. Tanner gave a history of Gyro's emigration from 1907. Greetings were brought by Rev. H. E. Tanner, pastor of Metropolitan United Church; Rev. Gerald Hogg, Knox Church; Dr. Thomas Hart, president of the Alberta Conference; and Rev. A. J. MacQueen, chairman of the Edmonton Conference.

Rev. D. C. Ramsey, Gyro pastor, conducted the service.

Plans are being made for a 3,000-seat, eight-story exhibition at New Delhi in January.

The Cullinan diamond weighed 3,100 carats, almost when found in the Transvaal in 1905.

THREE REASONS SIN SERIOUS ARE GIVEN

Three reasons why sin is serious were given here Sunday by Rev. E. C. Reinertson, Minneapolis, director of evangelism in the Evangelical Lutheran Church.

Mr. Reinertson spoke at Central Lutheran Church during opening sessions of a week-long conference on evangelism.

"Sin," he said, "is choosing the way of folly. It is 'rebellion against God,' and it 'crucifies my Lord.'"

"Through sin we exchange the treasures of heaven for the baubles of this world," he said.

Baby Flung To Safety, Mother Hit By Truck

A woman who flung her baby to safety was knocked to the pavement by a truck Saturday afternoon.

Mrs. L. King, 10538-71 avenue, was taken to Royal Alexandra Hospital, where she was treated for head injuries.

Summons was applied for Clifford Dick, 1881-109 avenue, driver of the truck, for failing to give the right of way to a pedestrian.

Mrs. and Mrs. Clark saw the baby being thrown out of the way of the oncoming vehicle, according to a police report. Mrs. Clark accompanied Mrs. King to the hospital in city ambulance.

Legion Unit Asks Pardon For Gilbert

Branch 24 To Ask Sentence Commutation

Branch 24, Canadian Legion, will ask Federal Justice Minister Hon. Stuart Carmichael for the death sentence of Joseph Gilbert to life imprisonment.

The decision to seek clemency for the convicted murderer of Chinese market gardener Sam Koo was taken Sunday afternoon at a stormy general meeting of the branch in Memorial Hall.

Over the strong protest of Pres. Alan P. Shalimoff, the 12 members present voted overwhelmingly to put their 2000-member branch on record as favoring the application.

MOTION PRESENTED A Resolute Committee of W. J. Williams presented the motion. Among that Gilbert had "no chance" for re-education or reformation and that he is given official credit as a ward of the government.

McCann Will Visit 4 Days In District

Dr. J. J. McCann, minister of religion and national revenue, will arrive in Edmonton October 22 for a four-day visit in the district.

The minister, who took the train perforce this year, will not be a chance to see Alberta's oil development at first hand, touring Redwater and other oil fields near Edmonton.

ADDRESS SLATED Dr. McCann is expected to speak at a luncheon meeting of the Chamber of Commerce and Chamber of Mines, October 25, in Hotel Macdonald.

He will be accompanied by W. H. Williams, deputy minister of national revenue, David S. Stewart, minister of national revenue, Mary McNeil, deputy minister of national revenue, and George Hogg, director-general of national revenue.

Dr. McCann is expected to speak at a luncheon meeting of the Chamber of Commerce and Chamber of Mines, October 25, in Hotel Macdonald.

He will be accompanied by W. H. Williams, deputy minister of national revenue, David S. Stewart, minister of national revenue, Mary McNeil, deputy minister of national revenue, and George Hogg, director-general of national revenue.

SHOPPING GUIDE

Feminine Fripperies Play 'Femme Fatale'

By Bea Thrifty

Are you a siren... or a saint? Exciting as it sounds, I really fear not many of us fit very neatly into either category. We're just a lot of "in-betweens."

Reason for women's cosmetics, perfumes, fashions and feminine fripperies of all types.

Perfume just won't click with the public unless it's "taunting." Lipstick is a mere nothing unless it's "tempestuous flame." Fashion of '50 is "daring, exciting, breathlessly brzen... vixen-vogue."

But it gives us all a tongue-in-cheek sort of bang out of the "femme fatale" treating \$8 price range. It's kind of fun to be able to be "Washboard Wilma" all through the day and "Selma the Siren" through the magic midnight.

"Glightly incendiary" fashions make me look like "Who Blew Out the Flame" ... sigh!! But enough of this bitterness! Forward ... onward ... march ... to have a quickie look at the pastel-pretty feather dusters getting for \$1.15.

They'd be an ideal gift for the bachelor gal who wants every last whiff to look decorative and be useful.

All this song and dance about "Flaming Malmis" brings to mind a flame-colored, shallow-bowl type beret of deep pile wool velvet.

It's a firmly contoured smock-on-the-back-of-the-head hat and sells locally in an \$8 price range. I saw a dark-eyed, beautifully groomed brunette wearing a tangerine version of the bowl-beret ... and it was an eye-catcher indeed.

With color appearing in greater-than-ever glory this autumn season, 'tis time to consider washable suede gloves in forest green, leaf gold, russet-red, beautiful brown and others.

They sell from \$3.50 upward ... in brief or gamut styles. A gal who's crossed the family threshold into a wide, wonderful world of her own ... is a gal who now or later must learn the value of "stretchehilling pennies."

And for the same gal who's setting up livealone housekeeping "tis a wise move to buy colorful, truly inexpensive pottery dishes.

And when I say inexpensive I mean she may buy a set of 20 dishes ... for four settings for as little as \$2.95.

This is strictly a sale price of course ... but there are others in dashing, day-bright colors for \$1.95 per set ... and yet another plaid version of pottery in a fluted pattern for \$3.98.

See to it young woman!

YOUR BABY AND MINE

Two Year Olds Search For Mum's Attention

By Myrtle Meyer Eldred

It shouldn't surprise parents that their children like attention from them. What may be surprising is the child's ingenuity in getting it.

When a child's attention is attracted to something, he will do anything to get it. This is the same child who will do anything to get his mother's attention.

Mrs. A. H. complains that her two-year-old has the bad habit of asking for drinks. "Like anyone else," she writes, "I have given to him and then he just sits there around. This goes on all day. At bedtime he wants a drink and just sits and looks at it. When he wakes in the morning he does the same thing. How can I correct him?"

The two-year-old is very attached to the mother. He also has a difficult time falling asleep, both at night and bedtime. Connect these two and add the desire for attention and you have any number of situations just like the one you have described.

Instead of worrying about whether he does or does not drink the water, stay with him, talking to him, singing to him, or telling him a story. He wants your notice, not especially the drink.

In daytime, put a chair where he can reach the faucet and give him the privilege of getting a drink for himself. Continue with him Give

WHY GROW OLD

Men Are Getting Smart Plan to Lose Weight, Too

By Josephine Lowman

My nine-day reducing diet for women has been so successful and so many men have written to ask if they can use the same diet, that I decided to plan a nine-day reducing diet for men.

Actually many men came on the telephone to find out whether this diet is practical for them and what changes they should make in it.

My nine-day diet brings a loss of from five to ten pounds in nine days' time. It gives women about 1200 calories a day. In most cases this is too light for men because of their larger stature. They require more calories even when reducing.

SIZE THE FACTOR
My nine-day reducing diet for men is built on the same principles which govern the nine-day feminine reducing diet. It is high in proteins and vitamins and low in fats, sugars, and starches.

It is a diet which will drop five or ten pounds quickly but will have to stick to the diet just as faithfully as his little woman.

Many men today are realizing that their energy and longevity are affected by too many pounds, and therefore many of them are taking their weight seriously.

If you would like to have my Nine-Day Reducing Diet for Men which will give a loss from five to ten pounds in nine days' time, send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of this newspaper.

Patterns (stamps cannot be accepted) for this pattern. Print plainly last name, address, style number. Send order to Anne Adams, care of Edmonton Bulletin, Pattern Dept., 60 Front St. W., Toronto, 1A, Ontario.

DOROTHY DIX SAYS

True Contentment Lies In Living to Help Others

DEAR MISS DIX: My mother and I have had an argument about happiness and we wish you to settle it.

I think that happiness consists in personal freedom, in being able to come and go as you please. In doing so you live without having to consult the wishes of any one else. In keeping yourself as free as all is possible.

Believing this, I never intend to marry or burden myself with a family. There will be no wife keeping tabs on my movements.

No children on whom I would have to spend my money.

My mother says that happiness is only to be found in having some one dependent on us, in our feeling ourselves necessary to some one else, happiness and well being and in our doing some congenial, constructive work. Which of us is right?

Answer: I think that your mother is right. Personal liberty is, of course, a highly desirable blessing, but too much of it can become a curse.

The most miserable people in the world are those who are absolutely free because the only reason that they are free to come and go as they please is because no one cares where they go or what they do or if they ever return at all.

Free Divorces Available in Eng.
LONDON, Eng.—Divorce is going to be as cheap as it can get, for unhappily married, and poor, English couples. They can get divorced for free.

Socialist government has decided to foot the bill for lawyers and court expended for English couples who want to unite the knot. But they can't have an income of more than \$60 a week.

New ruling goes into effect on October 1 and authorities expect a stampede toward the divorce courts.

Average divorce now costs about \$100 dollars in England, and is too expensive for many unhappily married folk.

Hadassah Chapter To Discuss Fund
"Accomplishments and workings of the Jewish National Fund, will be the subject of Edmonton Chapter of Hadassah meeting to be held at the National Fund."

Tuesday at 2:30 p.m. in Talmud Torah clubroom.
Louis Rudolph, guest speaker, will address the group on history of the National Fund.

Perfume Experts Give Beauty Talk

Experts of feminine beauty charms and fashion have wise words to say about perfume: "Our sense of smell is perhaps the most delicate of the senses. For this reason perfume must be chosen with the greatest care."

"Have you ever watched the faces of men in a crowded bar? A woman gets on, reeking of a heavy perfume. The men fall immediately into three groups: those with a look of long-suffering resignation; those who make the same mistake; those who are frankly irritated and a third lot who look as though they were about to suffocate."

"But there is another occasion. A woman gets on and passes down the aisle. She carries with her a faint, seductive perfume which has the freshness of flowers. With the greatest candor in the world the men turn their heads and sniff appreciatively."

"Nothing we repeat should be more carefully chosen. Blends and brunettes cannot use the same kind, for a perfume, like a color,

should harmonize with the personality of the woman. So true is this that today many of the celebrated fashion designers are creating their own series of perfumes."

"Perfumes suggest certain activities and times of day too. A rule to remember is that the earlier in the day, the fresher and fainter the scent—something light, something flowerlike; but in the evening another atmosphere must be met—something haunting, romantic, something warmer."

Try adding cologne cheese to scrambled eggs just before serving. Allow time for cheese to heat, using one tablespoon cheese to egg.

Province IODE Meet

Frontenac Chapter, IODE, will be host to IODE members from all corners of Alberta when semi-annual provincial chapter sessions are held in Stettler.

Meetings will be held Thursday and Friday with provincial president Mrs. P. P. Griffith presiding.

Out-of-town executive officers attending will be Mrs. Roger Hanson, Mrs. Reginald Coles, Mrs. Reginald Bewley, Mrs. Roy Schröder, Bremner, all of Edmonton; Mrs. T. C. Michie, Ponoka; Mrs. W. Mathewson, Calgary; Miss Nellie Walker, Lethbridge.

Delegates from Medicine Hat, Lethbridge, Calgary, Edmonton and numerous Alberta towns are expected to attend.

Mrs. A. C. L. Burrows, Frontenac president, and Mayor Duncan Gardiner will preside at official opening Friday morning.

Guest speaker at Friday evening banquet will be C. L. Willis, editor of Stettler Independent.

Scout in Cub Mums Plan Tea-Party

Scouts and Cubs of Holy Trinity district will benefit by a Wednesday tea-party.

Members of the mothers' club will entertain at tea in the parish hall from 3 to 5:30 p.m. Mrs. J. A. Clarke is convener of the Wednesday affair.

Those who will pour tea are Mrs. P. D. Fowler, Mrs. Ross Jones, Mrs. George Marian, Mrs. A. H. Hayman, and J. Lammie.

Executive Tea for Ninette de Valois

Stories of Sadler's Wells Ballet, colorful back-stage life spilled conversation yesterday when executive of Women's Canadian Club met for tea.

Guest of honor was Miss Ninette de Valois, ballet dancing star and choreographer. Miss de Valois will address Canadian Club members at the Alexandra hotel this afternoon.

Mrs. M. C. McCallen, vice-president, was tea hostess. Mrs. McCallen will preside at the meeting.

Miss de Valois arrived Saturday night by TCA.

TO CONTINUE her study of Maternal and Child Welfare, Dr. Indragit Singh left Edmonton yesterday for Vancouver and Victoria. While in the city she was a guest at YWCA.

AFTER attending the annual meeting of YWCA of Canada in Toronto, Mrs. W. D. McDonald has now returned to the city.

MISCELLANEOUS shower was held recently honoring bride-elect Pauline Thibault.

Hostesses were Mrs. Gerald Hancock and Mrs. Romeo J. Landry who entertained at the home of Mrs. Herbert Hancock Sr.

Gifts were presented in a doll carriage from 36 guests who effected best wishes to the guest of honor with a host of gaily-wrapped parcels.

Miss Thibault will become bride of Capt. Jean Edouard Roby, CARG, Oct. 26.

Members will gather at home of Mrs. A. de la Bruin, 1102 54 street, for general meeting at 8 p.m.

TRAVELLING COMPANION of Queen Mary's hand-made carpet is Mrs. L. B. Smart, vice-president of National Chapter, IODE. Mrs. Smart will accompany royal carpet to Edmonton. Exhibit, sponsored by Municipal Chapter, IODE, will be held at HBC Emporium Room Oct. 23, 24, 25.

Queen Mary's Carpet To Be Displayed Here

Widely publicized "Royal Carpet" will be exhibited for Edmonton people this month.

Made with intricate detail, patience and skill by Queen Mary, the carpet has been viewed by thousands of Canadians on its present tour.

Members of IODE will assist at the display, selling literature which illustrates and tells the story of the carpet.

To take place Oct. 23 at 2:30 p.m., Oct. 24 at 10:30 a.m., Oct. 25 from 9:30 a.m. to 12:30 p.m.

Insured for \$100,000 the royal rug is being brought to the city under the personal care of Mrs. L. B. Smart of Toronto, vice-president of National Chapter IODE, who are sponsoring its tour across Canada.

Everywhere the carpet has been shown, huge crowds have gathered to view masterpiece, and it is lauded by IODE members Edmonton.

During eight years of painstaking work, Queen Mary has sewn over a million stitches in four hundred shades of wool into the twelve panels of the carpet.

Proceeds will go to Queen Mary's Carpet Fund.

When Britain's economic crisis became acute, the Queen Mother decided to give the rug as her personal contribution to the nation to be sold as dollar export, on the condition that the carpet will hang in a public place.

TO CONTINUE her study of Maternal and Child Welfare, Dr. Indragit Singh left Edmonton yesterday for Vancouver and Victoria. While in the city she was a guest at YWCA.

AFTER attending the annual meeting of YWCA of Canada in Toronto, Mrs. W. D. McDonald has now returned to the city.

McClockin Wedding Vows Held at McDonald Baptist

Gladioli and carnations banded the altar of McDonald Baptist Church for the evening ceremony in which Doreen McClockin became the bride of Douglas Edwin McClockin.

Rev. H. Tedrow officiated.

Bride is daughter of the late Mr. and Mrs. L. McGuire, and her husband the son of Mrs. T. R. McClockin and the late Mr. McClockin of Edmonton.

Given in marriage by C. S. Turner, bride wore a gown of white satin with French lace yoke and peplum. Her floor-length veil was held by a beaded coronet. Red roses and white chrysanthemums fashioned her bouquet.

TAFFETA GOWN

Miss L. Buckingham, matron of honor, chose forest green taffeta caught at the waist with roses. Beaded cap and mittens matched her gown. She carried baby chrysanthemums.

Elaine Lomax and Vicki Welgus wore similar dresses of autumn pink and white with pink and white polka dots with matching mittens and caps. Miss Lomax carried chrysanthemums and Miss Welgus pink carnations.

BROTHER BEST MAN

Thomas McClockin was his brother's best man. He wore a tuxedo with white accessories and a corsage of yellow roses. Mr. McClockin also received in black cravat with matching hat and pink accessories. Her corsage was of pink and white roses.

For their honeymoon trip, the bride changed into grey gabardine suit with wine accessories.

Mrs. Norman English, bride's sister, received at McClockin hall. She wore green taffeta with white accessories and a corsage of yellow roses. Mr. McClockin also received in black cravat with matching hat and pink accessories. Her corsage was of pink and white roses.

For their honeymoon trip, the bride changed into grey gabardine suit with wine accessories.

Jasper Church Settling For Thomson Wedding

JASPER, Oct. 14.—Vows were exchanged in the Little White Church in the Rockies here recently between Miss Inez Goodman and Thomas Thomson.

Bride is the daughter of Mrs. E. Goodman and the late Mr. Goodman of Leduc. Her husband is the son of Thomas Thomson of Edmonton.

Given in marriage by James Mitchell, the bride was given in white brocade tulle with chapel veil, white gloves and shoes. She carried a cascade of red roses.

RED ROSE GOLD
Miss Pat Thomson, bridesmaid, was given in pale green satin with matching head dress and chapel veil. Miss Judy Mitchell, flower girl, wore coral tulle. Both attendants carried corsage bouquets.

George Graham was best man. Ushers were Jack Greenleaf and Jack Thomson.
W. B. Watson played wedding music and accompanied Mrs. J. Mitchell who sang "The Voice that Breathed O'er Eden."
Reception in the Masonic hall.

Couple to Honeymoon At Coast for Six Weeks

Early morning ceremony in St. Joseph's Cathedral united in marriage Miss Cecilia Lillian Hickey and Albert Joseph Jacobs recently.

Bride is daughter of Mr. Lillian Hickey of Edmonton and her husband the son of Andrew Jacobs of Fort Saskatchewan.

In a setting of yellow and white crystal chandeliers, Rev. P. J. O'Keefe officiated at the ceremony to which the bride was given by her brother, P. L. Hickey.

Fashioned of Chantilly lace over champagne satin, brides gown featured full pointed sleeves and full skirt with slight train. Matching bonnet held her finger tip veil of illusion. Her only jewelry was a cross earring.

She carried a bouquet of pearl prayer book garlanded with cream satin, sweetheart roses and eucalyptus.

Matron of honor, Mrs. F. L. Hickey, was given in house satin and veil with beaded matching headpiece. Bridesmaids and bridesmaids wore champagne and Tulle. Tulle was fashioned of champagne and Tulle. Tulle was fashioned of champagne and Tulle.

Miss Mary Elizabeth and Miss Margaret Hill, bridesmaids, wore similar dresses of champagne, with matching head dresses. They carried about bouquets of red roses and white chrysanthemums.

Barbara J. Dobie Pledges Vows With W. Spellman

Fragrant red and white carnations filled the social room of First Presbyterian Church for an evening ceremony in which Barbara Jean Dobie became the bride of William Joseph Spellman.

She is the daughter of Mr. and Mrs. J. M. Dobie of Edmonton and was given in marriage by her father, Mr. William Dobie, the son of Mr. and Mrs. J. Spellman of Toronto. Rev. J. Keenan officiated at the ceremony.

Of white satin, the bride's gown was fashioned with pearl trimmed bodice and full skirt. She carried a bouquet of red roses.

White headdress intermingled with red roses and white chrysanthemums to form a shower bouquet. She wore a triple strand of pearls.

TWO ATTENDANTS
Miss Grace Langford, bridesmaid, wore green tulle with floral head dress and colonial bouquet. Miss Linda Dobie, flower girl, was in yellow tulle with

followed the ceremony.
Leaving for a west coast honeymoon, the bride wore a grey checked suit with white winter hat and navy top coat.
Mr. and Mrs. Thomson will make their home in Jasper.

VICE-PRESIDENT Mrs. M. C. Macdonald will preside at the afternoon wedding of the Western Canadian Club Monday, when Ninette de Villiers addresses the group.

Miss de Villiers, a director of Sadler's Wells Ballet, was choreographer for the British production "The First Snow".

Members will gather at the MacDonald hotel main dining room to hear the distinguished artist.

Whist Drives
What will be played at Alberta House's Whist Drives last Tuesday at 8:15 p.m.

Party is under auspices of Social and Club Mothers' Club. Proceeds will go for equipment for the boys.

Table reservations are pouring in for the Annual Fall Bridge to be held by the Royal Alexandra Hospital, Tuesday.

Mrs. R. E. Jepperson, convenor, announced bridge will be held in Jepperson's residence Wednesday at 2:30 p.m.

Mrs. J. Bartleman is convenor of tea committee. Assisting her are Mrs. F. R. Miller, Mrs. Jean Smith, Mrs. R. V. Davies, Mrs. A. W. Hardy, Mrs. E. S. McPherson, Mrs. A. W. Macdonald, Mrs. B. M. Hill.

Verna L. Bennefeldt Wed To Leslie Arthur Longman

St. Paul's United Church was the setting for an attractive double ring ceremony which joined in marriage Verna Lillian Bennefeldt and Leslie Arthur Longman.

Daughter of Mrs. Olive Bennefeldt and the late Mr. Bennefeldt of Hardisty, the bride was given in marriage by her brother, Leslie Longman, the only son of Mr. and Mrs. Roger Longman.

Of white satin, the bride's floor-length gown was fashioned with a full skirt and long sleeves. She carried a bouquet of white roses and a double strand of pearls.

Her two attendants, Mrs. Neal Edwards and Mrs. Charles Thompson, wore powder blue tulle gowns with matching chapel veils. They carried bouquets of carnations.

Neal Edwards was best man. Guests were welcomed by Leonard Bennefeldt and Clifford Bond.

Reception for 80 guests was held at home of the bride's mother, who received in a navy blue gown with white accessories. Corsage of carnations was fastened at her shoulder.

The newlyweds left for a short honeymoon to Calgary and other points, and will return to make their home in Hardisty.

Royal Alex Bridge Soon

Table reservations are pouring in for the Annual Fall Bridge to be held by the Royal Alexandra Hospital, Tuesday.

Mrs. R. E. Jepperson, convenor, announced bridge will be held in Jepperson's residence Wednesday at 2:30 p.m.

Mrs. J. Bartleman is convenor of tea committee. Assisting her are Mrs. F. R. Miller, Mrs. Jean Smith, Mrs. R. V. Davies, Mrs. A. W. Hardy, Mrs. E. S. McPherson, Mrs. A. W. Macdonald, Mrs. B. M. Hill.

Assisting Mrs. Jepperson with arrangements will be Mrs. W. W. Baker, Mrs. C. R. Clarke, Mrs. C. Ross, Mrs. D. D. McGarvey and Mrs. J. McPherson.

Among those who are planning to attend are Mrs. S. Howley, Mrs. J. Macdonald, Mrs. J. Anderson, Mrs. J. Darnley, Mrs. N. Hobb, Mrs. B. Kennedy, Mrs. S. Boucher, Mrs. J. Clarke, Mrs. A. J. Smithman, Mrs. A. E. Quigley, Mrs. H. Smith, Mrs. A. J. Smithman.

Officers are Mrs. A. J. Smithman, Mrs. A. E. Quigley, Mrs. H. Smith, Mrs. A. J. Smithman, Mrs. A. E. Quigley, Mrs. H. Smith, Mrs. A. J. Smithman.

Reception for 175 guests followed at the MacDonald hotel where Mrs. Hickey received in matching champagne velvet, with matching hat and corsage of white roses.

Mr. F. Procter, the bride's best man, wore grey ensemble with deep red tie.

Receiving for the bridegroom was Mrs. S. Hayes Zander who chose two piece grey suit with blue feathered hat and gardenia corsage.

Honeymoon will be spent motoring to Los Angeles by way of Vancouver. Bride travelled in dark tulle gown with gold hat and gloves. Fastened to her beaver coat, gift of the bridegroom, was a corsage of orchids and chrysanthemums.

Mr. and Mrs. Jacobs will return to a six weeks in Calgary where they will make their home.

Prize Pepper Upper
The trumpet silhouette has a slim body fitted to well below the hips. At some point down there, the line breaks into flares into a flared cut, inset godets, or a pleated flounce, giving one room to walk.

The trumpet silhouette looks best in dress, and it is equally good in all fabrics, wools, silks, or velvet. I like it particularly in velvet dresses, where it has a look of great elegance.

Stylish, a fine cotton cloth, is said to have been first made in Minneapolis.

Fern Adeline Horricks Married in Wetaskiwin

WETASKIWIN, Oct. 14.—Autumn flowers banked the altar of Ebenezer Baptist Church here, for the marriage of Miss Fern Adeline Horricks to Dorcy B. Lentz.

Daughter of Mr. and Mrs. H. J. Horricks of Wetaskiwin, the bride was given in marriage by her father in a ceremony performed by J. A. Wingfield M.L.A.

Bridegroom is son of J. Lentz and late Mrs. Lentz of Edmonton.

Of white satin, the bride's gown was fashioned with full skirt and long sleeves. She carried a bouquet of orange blossoms.

Reception for 80 guests was held at home of the bride's mother, who received in a navy blue gown with white accessories. Corsage of carnations was fastened at her shoulder.

The newlyweds left for a short honeymoon to Calgary and other points, and will return to make their home in Hardisty.

League Auxiliary Names Officers
Mrs. F. Bunchy was named president of the Alberta Avenue Community League Women's Auxiliary at a recent meeting.

Meetings will be held in the community hall each Wednesday at 7 p.m.

Other executive officers include Mrs. J. R. Hunter, Mrs. H. Boag, social convener; Mrs. G. Lowry, treasurer; Mrs. G. Wilson, Mrs. J. Greenfield, Mrs. M. Henshawn.

New members will be welcomed.

Tobe on Fashion—
The trumpet silhouette has a slim body fitted to well below the hips. At some point down there, the line breaks into flares into a flared cut, inset godets, or a pleated flounce, giving one room to walk.

The trumpet silhouette looks best in dress, and it is equally good in all fabrics, wools, silks, or velvet. I like it particularly in velvet dresses, where it has a look of great elegance.

Stylish, a fine cotton cloth, is said to have been first made in Minneapolis.

Book About Canada Sent English Girls

TORONTO—(CP)—A shipment of 100 books that will give English teen-age girls a lot of information about Canada has been sent by the Imperial Order Daughters of the Empire.

Books, mainly fiction appropriate for young girls and some historical and pictorial series, are calculated to give the youngsters interesting insights of Canadian customs and on the Dominion generally.

They were requested by Miss Vera Grestell, chairman of the National Association of Girls' Clubs and mixed clubs in England.

The IODE's national education secretary, Mrs. J. D. Dewar, said the English association includes about 2,400 small girls' clubs and mixed clubs, a movement that started in the 1880's with the industrial revolution causing concentration of young factory workers in industrial areas.

The English club movement is still concerned with providing facilities for the best use of leisure time and has opened three national holiday and conference houses, providing places where club representatives

ADVISOR to women students at University of Alberta, Miss Mabel Simpson will receive with Wausau executive when annual Wausau semi-annual hall is held Saturday.

Ten different breeds of sheep are recognized in Canadian livestock records.

Shoe box lid in bottom of your shopping bag will add carrying space and strength.

MUTT AND JEFF

Bedroom Bandits Bag \$1,100 in Two Weeks

VANCOUVER B.C., Oct. 18. — (B.U.) — Police hunted today for a Mut and Jeff bandit team that had taken more than \$1,100 in loot from Vancouver homes in the past two weeks.

Police said William Moldovan, robbed of some \$500 in cash and cheques, described one of the burglars as six feet tall and the other as less than five feet in height.

Moldovan was robbed when he returned home with his wife to find their maid missing and he armed forces waiting for them, police said.

The hearing victim told police the pair bandits carried a long-barrelled gun and the chief stole carried a sawed-off automatic.

Earlier a 40-year-old bedchamber maid in a 4-room apartment house had counted about nine thousand \$200 in cash and cheques after being tied outside a window during the robbery.

Another bedroom robbery failed when the intended woman vic-

tim screamed and frightened away the thief.

Police believe the single bandit on each of the raids had a lookout posted outside.

When You're
WORN OUT
and Worried

and dog around each day, unable to do the work—rankly with the children—long miserable, don't blame it on 'nerves'. Your kidneys may be out of order—for when kidneys fail the system fills with impurities and headache, backache, dizziness and nervousness follow. Livestock Traffic

EDMONTON, Oct. 16.—Total receipts, cattle 150, calves 30, hogs 131 and sheep 300.

Monday's cattle market opened active and firm under light overnight receipts. Northern rural shipments were late in arriving and will not be offered until late in the day. Good demand was in evidence and early trade was moving at a fairly fast pace. Prices were fairly steady to slightly higher with quite a few grades of cattle being sold. Good heavy yearlings sold from 22.00 to 24.50. Good heifers 22.50 to 24.00 with odd choice up to 24.00. Good heavy yearlings 22.50 to 24.00 with odd choice up to 24.00. Good heavy yearlings 22.50 to 24.00 with odd choice up to 24.00.

15 Wells Hit Pay Zones, 5 Abandoned in Week

Twenty-one wells found answers during the past week: 15 struck oil, five were abandoned, and one missed the 12 1/2 zone.

Central Del Rio Acheon, a mile northeast of Calmar, Standard Acheon, shed some light on the 12 1/2 formation in the Acheon field when the well failed to find the reef past 3,070 feet.

The lack of the 12 1/2 zone at Central Del Rio has caused some speculation that the reef lies mainly east of the line running from the Imperial to the Acheon field. Acheon, and then northeast to Acheon and Del Rio, running west of Del Rio.

One of the most significant wells to be brought in during the week was Imperial Leduc No. 280, a previously indicated 2D producer, in the southwest corner of the Leduc field, which has produced 100 per cent 3,014 feet below sea level. The new 2D strike suggests the possibility of a new 2D reef and the extension of a new field on the western edge of Leduc 2D production.

TIRES-CAR COLLISION IS LATEST

It was no surprise because two of the roadway lines struck his auto causing damage to the grill.

Police believe the mystery when it was found a gang of youths dismantled at the top of the hill were rolling off into the ditch before the accident.

The case had before police arrived on the scene.

Spray Power Project Nearing Final Stages

Man's never-ending battle to harness the wonders of nature has reached another milestone.

The Calgary Power Company is reaching the completion of its \$10-million Spray power project to add another hydroelectric 6,000 horsepower to hydroelectric Alberta's power output.

The Spray River, rising in glaciers on the height of the Continental Divide in Canada's Rocky mountains, south of Canmore and Banff, has been brought under control.

Calgary Power, owned and operated by Canadian Pacific Limited, has harnessed the Spray and converted it into an important asset in the industrial sense of this province.

PARTIAL DIVISION

Swiss to Lake see behind Alberta's highest established dam the Spray has been made in split flow, part of it following its former course to Banff, the rest reaching the Bow river by a short and precipitous route through Williams' Pass just south of Canmore.

It is this latter water which is to be diverted to hydroelectricity.

The largest single unit in Calgary Power development on the lower river system, the Spray will flash power along many thousands of miles of transmission lines throughout the province to rural areas, to industries and other industrial developments.

RAFF BAYING MORE B-29s

LONDON, Oct. 17.—(Reuters)—The number of American-built B-29 Superfortresses in service with the RAF will be increased to 150, the Sunday Times said earlier reported yesterday.

The 70 originally offered from the United States are now being delivered to RAF squadrons.

14 Nude Douk Women Board Train For East

NELSON, B.C. Oct. 16.—(CP)—Forty-four women Douk board trains being transferred to Kingston, Ont., penitentiary were nude when they boarded the east-bound train last night.

They had refused to sign pledges to obey Canadian laws and carried their clothes in boxes and bags. The train stopped behind the provincial jail to take the women aboard a special coach.

Last month, 86 Douk boarders serving sentences for nude parading in Nelson, Ont., penitentiary were nude when they boarded the east-bound train last night.

They had refused to sign pledges to obey Canadian laws and carried their clothes in boxes and bags. The train stopped behind the provincial jail to take the women aboard a special coach.

Last month, 86 Douk boarders serving sentences for nude parading in Nelson, Ont., penitentiary were nude when they boarded the east-bound train last night.

SO MILD... SO THROAT-EASY!

Buckingham Cigarettes

Buckingham combines three fine tobaccos in one cigarette. It's this combination of three fine tobaccos that makes a Buckingham so mild, so throat easy, so mellow.
